

SINK REVEAL - CUTOUT STYLES

Overhang

(also referred to as "negative reveal")

Countertop extends past sink edge and sink rim is covered on all sides

***DEFAULT** for any undermount sink*

Flush-mount

(also referred to as "zero reveal")

Countertop is flush with sink edge and sink rim is covered on all sides

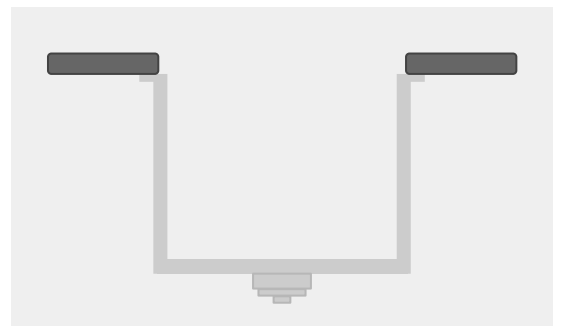

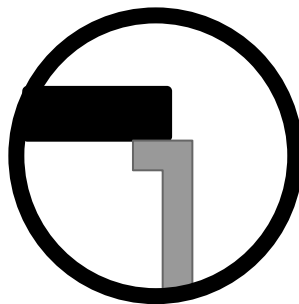

***Available** upon request*

Reveal

(also referred to as "positive reveal")

Sink edge extends past countertop and sink rim is exposed on all sides

This sink style is most commonly found on farm apron sinks and sinks with a large radius on the lip.

***Available** upon request*
